Homeschool and /or Preschool Nature Explorations

We'll meet up to talk about a seasonal nature topic, and hike, play a game, or do a craft. We'll keep these up through winter and spring if there is enough interest!

Here are our first dates: **Tuesdays Sept 14th, Oct 12th, Oct 26th; @ 10:00am and 1:00 pm @ Diamond Lake Main Shelter.**

4-H Partner Programs

Amy partners with the Extension Office to lead several special interest 4-H clubs.

Nature Club: 4th-12th grade, meets at each middle school (Grinnell, BGM, Monte) once a month (October -May) for activities then wraps up with a summer campout. This years theme is animal adaptations! We'll make our own camouflage, try snowshoeing, and more.

Wildlife Habitat Education Program (WHEP):

4th -12th grade students learn what it takes to be a wildlife professional and showcase their knowledge in a state habitat competition. Meet once a week on Zoom, plus in person (typically at Diamond Lake) once a month, November - May.

Learn more by visiting poweshiekcountyparks.com and looking under the programs tab, or emailing Amy (aandrews@poweshiekcounty.org).

Add it to your calendars now!

Diamond Lake's

Halloween Celebration will be

October 16th!

Activities will include a camper decorating contest and a Halloween Night Hike (costumed critters along the trail). More details to come!

Volunteers welcome!
